Description

Accelerate your career in Data Science with Data Science Analytics Program. Experience world-class Data Science training by an industry leader on the most in-demand Data Science Skills. Gain hands-on exposure to key technologies including Python, Machine Learning. Become an expert Data Science professional today.

The PGP-DS (Post Graduate Program in Data Science) gives you wide coverage to main ideas and techniques from Python, Exploratory Data Analysis to Machine Learning, Deep Learning and more. Practical labs and assignments work bring these ideas to life with our instructors and assistants to supervise you with the path. Equip your career with this commendable PG Program in Data Science with EduMinds Learning

The Time is Now

40%

Analytics professionals in World have work experience of less than 3 years.

61%

Vacancies for candidates with 0-5 years experience.

11 MILLION

As per US Bureau of Labor Statistics & TOI Journal Estimate job listings for Data Science by 2026.

33.5%

Indian data science industry is growing at a healthy rate of 33.5 per cent CAGR.

2025

As per World Economic Forum, 463-Million TB Data will be generated each day globally. You will be one of the Data Scientists to Manage it!

PG Program in Data Science

EduMinds Learning's PGP-DS is a program designed for fresh graduates and early career professionals looking to build their career in data science & analytics. With large number of job openings in analytics and data science domain, PGP-DS Prepares you with the right skills and knowledge needed to break into these roles.

EduMinds Learning has collaborated with the industry to create a program that trains candidates specifically for roles such as Data Scientist, data analysts, data engineer, analytics engineer and more, by teaching relevant analytics techniques, tools, technologies, and applications through hands-on training with industry graded case studies.

Program Features

- ▶ 12-Months Online Program
- ▶ Industry Internship
- ▶ Career Assistance
- ▶ Globally Renowned Trainers
- ▶ Capstone Projects
- ▶ Online Lab Sessions
- ▶ Student Faculty Ratio 15:1
- ▶ 25+ Real-world Projects

Why Data Science?

- ▶ Build/grow your career in data science roles and IT companies
- ▶ Learn through live online sessions and hands-on learning.
- ▶ Learn data science tools and technologies sought after by leading companies

On completing this program, you will:

- ▶ Be well versed in Analytics Tools and Technologies such as Python, Tableau, SQL.
- ▶ Apply Machine Learning Techniques such as Regression, Predictive Modelling, Clustering, Time Series Forecasting, Classification, etc.
- ▶ Perform Data Cleaning and Data Transformation Operations using Several Tools and Techniques.
- ▶ Be well versed in Deep Learning, and Natural Language Processing (NLP).
- ▶ Present yourself as an ideal candidate for Data Analyst, Data Engineer, and Data Scientist roles within Leading Companies.

Program Highlights

Online Program

- 12-months online program along with Industry graded Internships
- Online Lab Sessions
- Highly Experienced Faculty

Collaborations

- EduMinds Learning has collaborated with many eminent Universities and Organisations across the Globe to be industry relevant and be ahead in time

Become job-ready

- Real-world case studies to build practical skills
- Hands-on exposure to analytics tools & techniques such as Python, Tableau, SQL, etc
- Learn and upgrade with industry insights through multiple industry immersion sessions

Job Interview Preparation

- Career guidance and mentorship by faculty and industry leaders
- Resume review and interview preparation sessions
- Access to opportunities with leading companies

Program Curriculum

FOUNDATIONS

- ▶ Introduction to programming using Python
- ▶ Introduction to programming using R
- ▶ Database Management System using My SQL

DATA ANALYSIS

- ▶ Statistical Methods for Decision Making
- ▶ Exploring Data Analysis

MACHINE LEARNING TECHNIQUES

- ▶ Supervised Learning - Regression
- ▶ Ensemble Techniques
- ▶ Unsupervised Learning
- ▶ Machine Learning Model Deployment using Flask
- ▶ Supervised Learning - Classification

DATA VISUALIZATION

- ▶ Data Visualisation using Tableau
- ▶ Data Visualization Using Google Data Studio
- ▶ Data Visualization Using Power Bi

INTRODUCTION TO ARTIFICIAL INTELLIGENCE

- ▶ Time Series Forecasting
- ▶ Text Mining And Sentimental Analysis
- ▶ Introduction to Natural Language Processing
- ▶ Reinforcement Learning
- ▶ Introduction to Neural Networks and Deep Learning
- ▶ Computer vision

Capstone Projects

E-commerce

Techniques used: Text Mining, Kmeans Clustering, Regression Trees, XGBoost, Neural Network

Retail

Techniques used: Market Basket Analysis, RFM (Recency-Frequency Monetary) Analysis, Time Series Forecasting

Banking

Techniques used: Linear Discriminant Analysis, Logistic Regression, Neural Network, Boosting, Random Forest, CART

Web & Social Media

Techniques used: Topic Modeling using 9 Latent Dirichlet Allocation, K-Means & Hierarchical Clustering

Healthcare

Techniques used: Logistic Regression, Random Tree, ADA Boost, Random Forest, KSVM

Supply Chain

Techniques used: Text Mining, Kmeans Clustering, Regression Trees, XGBoost, Neural Network

Insurance

Techniques used: NLP (Natural Language Processing), Vector Space Model, Latent Semantic Analysis

Science and Technology

Techniques used: Market Basket Analysis, Brand Loyalty Analysis

Finance & Accounts

Techniques used: Conditional Inference Tree, Logistic Regression, CART and Random Forest

Entrepreneurship /Start Ups

Techniques used: Univariate and Bivariate Analysis, Multinomial Logistic Regression, Random Forest

Career Assistance

Access to Opportunities with Leading Companies

Workshops on Resume Review & Interview Preparation

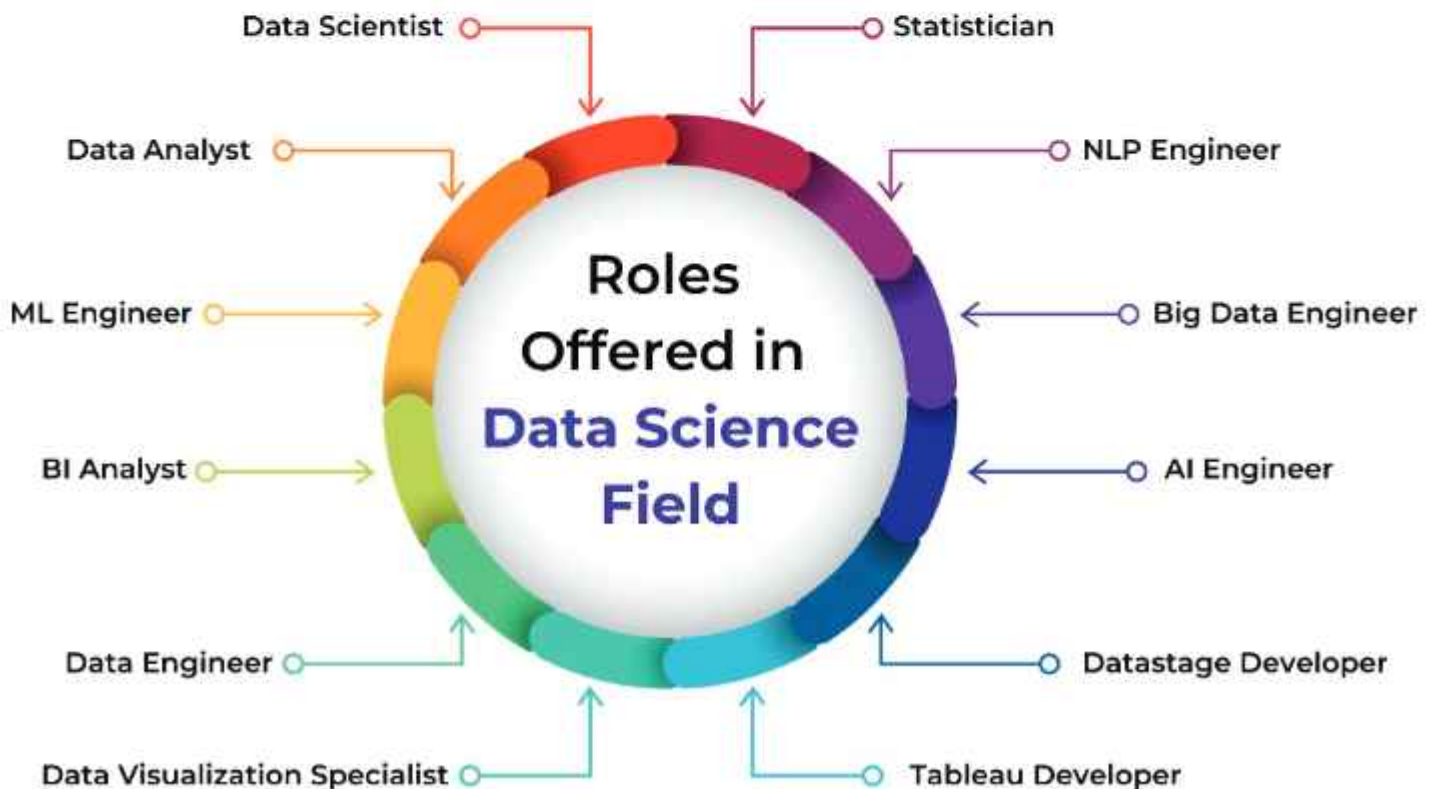

Career Guidance and Mentorship by EduMinds Learning and Industry Leaders

Selection Process

Apply by filling a simple online application form

Admissions committee will review and shortlist.

Shortlisted candidates need to appear for an online aptitude test.

Screening call with Alumni/ Program Director/ Faculty

About Us

Transforming Education, Empowering Careers

At EduMinds Learning LLC, we stand at the forefront of educational innovation, bridging the industry's skill gap and empowering individuals to transform their careers. We take pride in our mission to redefine education and have been recognized internationally for our relentless commitment to excellence.

Our Journey: Bridging Skill Gaps and Beyond

Our story began with a vision to transform education into a dynamic force that propels careers to new heights. We recognized the ever-widening gap between traditional learning and the real-world demands of industries. This realization inspired us to take a bold step and revolutionize the way education is perceived and delivered.
